I have updated the spreadsheet with additional ED comments. We will send additional updates as we get the information for the RFIs.

I removed a comment from the following RFI:

FBTX-26 Connector Road to Spur 601-

Note, work on this trail would cross the Butterfield Trail, generating consultation from SHPO.

The section of the butterfly trail in parcel 2 has already been consulted on:

Per the State Historic Preservation Office (consultation October 25, 2015 for proposed land sale)-The segment of the butterfly trail within parcel does not contribute to the site's overall National Register significance. Disposition of the parcel without protective measures will have no adverse effect on the portions of the historic trail remaining on Fort Bliss property.
